"Rather than just aping past glories or unnaturally trying to catch up to modern trends, Dale Hawkins closes his eyes and just plays and sings from the heart. The result, as this thrilling new album demonstrates, is the kind of truly felt rock and roll that makes you want to soar." - Marc Smirnoff, Editor and Publisher, Oxford American

"Dale continues to produce great American music, and with tunes like 'Mighty Mississippi' and 'Bang Bang' his legacy continues. Now, more than ever, Hawkins' authentic blend of roots rock and blues stirs the soul." - Kelly Duda,

"His new music is as fresh sounding as anything made by artists a third his age - it jumps out of the speakers and demands to be played loud and often." - Kenny King

PLAY IT - LOUD AND OFTEN!!
